

WEATHERPROOF VENTS
Help reduce heat, humidity and prevent condensation from forming.

PAINT
All our new shipping containers are painted with low VOC, water-based paint and zinc-enriched primer to ensure maximum resistance to the elements.

CORTEN STEEL
Known for its unique rust-inhibitive properties, it gives containers durability and resistance to the elements.

MARINE GRADE FLOORING
Consists of 1.1" thick, 19-ply marine grade plywood that can support up to 11,240lbs of payload and is treated to withstand spills and other contaminants.

DOOR SEALS
Built with 2-stage EPDM rubber which is water and weather resistant from -100°C to +300°C.

SECURE LOCKBOX
Features a thick metal casing to protect the padlock from bolt cutters and other break in tools.

36"-HIGH LOCKING BAR HANDLES
Make it easy to leverage your body weight to open or close the container doors, compared to standard 20"H locking bar handles.

FORKLIFT POCKETS
Facilitate easy loading and unloading.

CSC PLATE
The CSC Safety approval plate guarantees that the container meets international safety standards and transport certifications.
